APIN Employee Pulse Survey

Expectations for the First 100 Days and Beyond

Dear Colleague,

In his First 100 Days Compact, our CEO committed to understanding APIN before changing APIN. He has asked three questions: what should we protect, what should we change, and what should we create? This survey is one way to answer them, in your own voice.

Your answers will help leadership shape priorities on growth, staff welfare, culture, flexibility, policies and benefits, and will set a baseline Satisfaction Index so we can measure progress together.

The CEO will report back to all staff on what was heard and what will be done.
